The Clinical Training Team
for NEXPLANON

I attested that I attended the Organon-sponsored In-Person Practical Training for NEXPLANON in its entirety. I understand that only healthcare providers who are certified in the NEXPLANON REMS may order, insert, and remove NEXPLANON.

I certified that I am authorized to perform the procedures entailed in the insertion and removal of NEXPLANON in the jurisdiction where I practice. I attest that if there are specific state requirements in the state where I practice, I have met all appropriate state conditions including but not limited to collaborative or signing agreement with an MD/DO.

If I am a resident or student in advanced practice training, I understand that I should only administer NEXPLANON under the supervision of an attending healthcare provider who has also been certified on the procedures to insert and remove NEXPLANON.
